

The Ministry of Father John

As a young boy, The Reverend John Chol Daau fled war and persecution in Sudan & spent several decades living in refugee camps. Throughout these years of hardship, John relied on God to sustain him. During this time, the Wanous family met John & felt led to fund his education at Daystar University in Kenya.

John had a vision to return to his home & raise up the next generation of leaders for South Sudan. In a nation where tribal divisions have caused much strife & even death, John is committed to ministries of Christian education, peacebuilding & reconciliation as he calls people to unite under Jesus' love.

[Hear Fr. John's story in this video](#) and in his book - [God's Refugee](#). Also, find video at www.gs-ef.org

The Good Shepherd Academy

Good Shepherd Academy (GSA) was founded by Father John in 2016 to "mold & nurture servant leaders with Christian education for transformation & creation of a peaceful society." GSA is currently educating over 500 children who represent more than 34 tribes and 6 nations. GSA also provides care to their families. Students receive two meals a day and their families have access to clean water.

GSA is committed to educating the most vulnerable children. Many of their students have been displaced by war or flooding. GSA is also intentional to provide quality education for children with disabilities & girls. In a nation where less than 10% of women are literate, GSA is committed to raising up female leaders. For children who have missed years of education due to the hardships of war, GSA provides accelerated educational programming. Your support is transforming a nation one life at a time.

Good Shepherd Academy
Juba, South Sudan - Africa

10:30 AM Registration and Box Lunch
11:30 AM Shotgun Start
5:00PM Dinner and Speaker

LOVE GOD, LOVE YOUR NEIGHBOR,
MAKE DISCIPLES

Sharing in the Ministry

Come and join us for a great day of fellowship and golf at one of Pittsburgh's favorites — Quicksilver Golf Course. Learn more about Father John Chol Daau and his life's work and ministry at the dinner following our round of golf. In the words of our friends from Pittsburgh that recently visited the Good Shepherd Academy in South Sudan—"This is truly a precious ministry - serving children that have so little, but through this great work are being given so much." We hope you will join us welcoming our friend from South Sudan. We believe you will be inspired to care and to share in this great labor of love.
